### **Shootout Rules**

The winners of each flight will participate in a “shootout” to determine the Champion. The shootout will begin on Hole #1, and finish on #18.

**Shootout Format:** Modified Alternate Shot. On the 1<sup>st</sup> tee ONLY, both players may tee off and the team may select which ball to play. On #18 only one team member will hit. In case of a tie, a “chip-off” will occur with the team whose player is closest to the hole advancing. Teammates may NOT view their partner’s chip. In case of a tie involving the last two teams a “Chip-off” will be conducted to determine the Champion.

**Team Handicap:** The average handicap for the team (rounded up) will apply for the shootout, with the lowest flight winner’s average handicap deducted from the remaining flight winners’ average handicaps and appropriate strokes applied.

1. ***A ball may not be substituted during the play of a hole unless damaged. Do NOT switch balls with your partner. You must determine which ball you will play as a team. The ball is to be played as it lies.***
